

New Vision

Family Health Team

Dear patients,

We hope you are keeping well and staying safe. Please read the below in its entirety.

To stop the spread of COVID-19, we encourage you to get your vaccination. We are pleased to announce that COVID-19 vaccines are now available by appointment through our office.

If you need your first or second dose of an mRNA vaccine and are over the age of 18, **please email us at covid@newvisionhealth.ca and include your name and daytime telephone number to reach you.** Second doses can be provided 28 days after a first dose of mRNA or 8 weeks after a first dose of AstraZeneca. Should you have any concerns, please do not hesitate to speak to your healthcare provider.

Please note: we will not be able to contact everyone who is put on the list. While you wait, we still encourage you to visit the Region of Waterloo's website to find a community clinic. Walk-ins for first and eligible second doses are available as long as sufficient vaccine is available. For more information visit:

<https://www.regionofwaterloo.ca/en/health-and-wellness/covid-19-vaccination-clinics-in-waterloo-region.aspx>

If you have already received your vaccine, please disregard this letter as you should not receive more than 2 shots of the COVID-19 vaccine. To self-report your COVID-19 vaccine to our clinic, please visit: <https://www.newvisionhealth.ca/online-services/covid-19-vaccine-self-reporting-form>

Sincerely,

New Vision Family Health Team
