

New Vision
Family Health Team

Important Update from New Vision FHT (April 23, 2021)

Dear Patients,

New Vision Family Health Team strongly recommends that all patients get the COVID vaccination as soon as they are able - to protect themselves and to reduce community transmission.

We are pleased to support our region! New Vision FHT (Greenbrook) is listed as one of the region's vaccination sites. We encourage you to select our site as an option.

We would like to remind **eligible** groups to pre-register through the Region at:

<https://www.regionofwaterloo.ca/en/health-and-wellness/covid-19-vaccination-pre-registration.aspx#>

Pre-registration does not mean you will be contacted to book an appointment immediately. When you receive your invitation to register, please know it may take several weeks to receive a booking link.

Please do not call our office. You must book through the Region's portal.

Please continue to visit our website for more information.

Sincerely,

New Vision Family Health Team
